Technical Drawing - 3D Modelling Software - Bilingual In Spanish and English

I am a Set Decorator and Assistant Set Decorator with a wide set of skills including drawing and 3D modelling, a thorough knowledge of prop houses and other suppliers and organizational competence. I am passionate about using colours, shapes and textures to design spaces full of soul that feel truly lived in and aid in character development. I believe that happy teams make good sets, and pride myself in being capable of creating calm and healthy work environments. I am a visual communicator who likes conveying my ideas through sketches. I have experience dealing with tight budgets and using creativity and quick thinking to achieve ambitious visions in efficient ways.
